## ARE YOU A MEMBER?

Hundreds of merchants in Toronto effect an annual saving of many hundreds of dollars through the protection which this Agency affords by the regular issue of its weekly Lists and Special Reports on the standing of persons seeking credit.

Through its Collection Agency, it has regained a large amount of money from accounts which had been given up as lost, and thus repaid its members their investment several times over.

---

## YOU CANNOT AFFORD TO DO WITHOUT IT.

The successful merchant to-day must keep abreast of his competitors. To lag behind is to be distanced in the race. This Agency has on its lists THOUSANDS of the slow pays throughout the city, and daily additions are made thereto.

We wish to call the attention of merchants and retail dealers in this city and throughout Canada and the United States to our Lists of Attorneys in every city, town and village, all under special contract—numbering over 6,000—who make enquiries and do collecting for this Agency. We have been very successful in the past, and, by prompt and careful attention we hope to merit still greater confidence and success.

We have, since January, 1888, published “weekly” a complete list of all Mechanics’ Liens, Chattel Mortgages, Bills of Sale, Judgments—County Court and Division Court—for the County of York and City of Toronto.

## NOTICE TO SUBSCRIBERS.

Subscribers to our Agency will receive in February or March of each year an enlarged and thoroughly revised volume of our register; a sheet issued weekly of all important changes occurring throughout the city, and all available information, on enquiry at our office either in person or by letter.

---

## NOTICE.

This book is not sold, but loaned to subscribers for one year, and the holder thereof agrees on receiving it, that all printed, written, or verbal reports, furnished by the Agency, shall be for the exclusive use of subscribers, and be held in strict confidence; and further, that no information shall be asked or obtained in behalf of other persons, and that this book shall be returned when a new one is delivered, or at the end of the subscription year.

And the holder further agrees to deliver up same at end of said year, otherwise subscriber will be charged for use of same each succeeding year until returned.
